

Dear Parent/Care Givers,

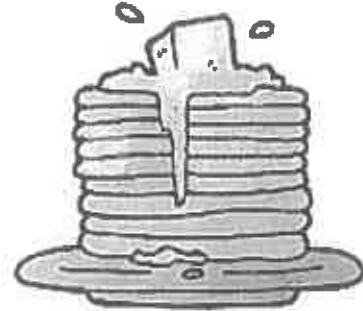

This Term, in Science, Stage One Students are learning about food. As part of this unit the students in Years 1 and 2 will be making butter from full cream milk. They will then use the butter they have made on pancakes. If your child has an allergy to these foods or you have any concerns please contact me at the school.

Dear Parent/Care Givers,

This Term, in Science, Early Stage One Students are learning about food. As part of this unit the students in Kinder Jade and Kinder Pearls will be trying foods from around the world; for example eating rice with chop sticks. The foods will be carefully chosen but if your child has a known food allergy or you have any concerns please contact me at the school.
