## **Remote Learning Technology Survey**

**15 June 2021**

**Dear Parent/Caregiver**

Schools have been asked to review their plans to support the ongoing delivery of education for students in the event there is a period of time students and staff are unable to attend school. This situation may arise during the year due to a students or staff being required to remain in self isolation for a period of 14 days or if a school is directed under the Public Health Advise to only remain operational for children of essential workers if an outbreak of Covid-19 were to arise in the local area.

The purpose of this survey is to find out if students have access to technology which will support educational delivery and minimise disruption to student learning in case we have to recommence learning from home.

Please complete the attached survey and return to your child's classroom teacher by Tuesday 22 June 2021.

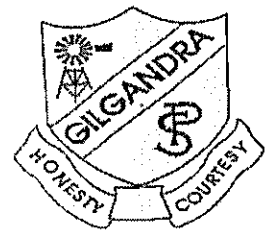

**Yours Sincerely**

**Patricia Howard  
Principal**
