### Parent Survey

Dear Parents/Carers

Gilgandra Public School is required by the Department of Education to survey parents/carers as part of their annual reflection. To encourage parents to return their surveys the school has a Chromebook computer to give to one lucky family who returns their survey.

All answers are anonymous and destroyed following the collation of answers. The final results of the survey are printed in the Annual School Report on our school website during Term 3.

There are three questions only:

1. What is already successful about Gilgandra Primary School? .....

2. How do you know? .....

3. Gilgandra Public School would be even better if.....

Family name for computer raffle:.....

Return to front office please before Friday 27 May.
