Dear Parent/Caregiver,

NetWaste is a voluntary regional waste group, providing support on waste and resource management since 1995. They provide waste education programs for schools and will be in Gilgandra between the 28th and the 30th of June (Week 10). All classes will be walking to the Youth Centre, during their Science lesson with Mrs Bunter and the class SL50, to participate in a variety of workshops. In the case of rain, the students will be travelling on the Youth Centre's bus.

Year 5 Explorers and Yr 6 Magpies will be creating their own solar ovens and eating the food that they cook.

If you have any concerns, please contact me at the school.

Amanda Bunter  
Science Teacher
