14th February 2024

Dear Parents/Caregivers,

This Friday, February 16, Infants students will be having a fun, water play day here at school. We will be enjoying water play in the sandpit, sprinkler play, water painting, and other exciting activities. Students will also be supplied an ice block to help cool them off when we are finished.

Activities will commence at 11:45am and students will rotate in groups until 1pm. A G-rated movie will be played in the afternoon to finish the day.

Please ensure your child has the following, **with their name clearly marked on each item.**

- A hat
- Swimming costume and towel (No singlet/bikinis)
- Old shirt/Rashie to go over swimmers.
- Sunscreen (please supply if your child has sensitive skin, otherwise supplied at school).

Students are welcome to wear out of uniform clothes on Friday.

Teachers and staff are excited to host this special day for our infants' students, so let's get ready and have some fun.

Yours Kindly
K-2 Teaching Staff
